A World of Trimming

- ♦ *Beaded Trimmings of Glass and Acrylic*
 - ♦ *Braids and Gimp Braids*
 - ♦ *Bullion Fringes*
 - ♦ *Cords and Flanged Cords*
- ♦ *Fringes, Cut Fringes, Looped Fringes*
 - ♦ *Key Tassels*
 - ♦ *Ruche for Cushions*
 - ♦ *Tassel Fringes*
 - ♦ *Tiebacks*
 - ♦ *Pom - Pom Fringes*

Trimming Recommendations

Size and colour and quality variation

The dimensions and depths quoted on the pages are approximate and can vary according to depth of colour used or the structure: individually produced items such as Tiebacks and Tassels are also subject to slight variation.

Every effort is made to avoid variation from batch to batch. Several of our products are made from handmade glass beads, and also acrylic beads which are therefore subject to variation in size, colour and finish.

The same applies to items made from natural fibres such as cotton, jute, and linen.

It is recommended all the Trimming for a project or a manufacture of a product should be checked before use.

Claims cannot be entertained for such a variation when the items have been utilised.

In all instances, we recommend that colour is matched using sample cards or folders and not the printed pages. The printed catalogue should be used as a guide only.

Every effort is made to keep within reasonable tolerances.

Wash Care Instructions

Trimming are of delicate construction and we recommend that they should be dry cleaned only, with an absolute minimum of agitation.

The products are dyed to a good standard of light fastness but are not recommended for washing.

Items with Sequins, Metallic or Lurex yarns may be suitable for dry cleaning subject to the correct solvents being used we would suggest discussion with your dry cleaner before commencement at your own risk.

Tiebacks, Tassels, Beaded Trimmings and Tassel fringes are assembled by hand, they are decorative product and need delicate handling, we would not recommend them for dry cleaning or being immersed in water.

However, Tiebacks and Tassels often benefit after unpacking with a slight steam treatment either over a kettle or gentle fabric steamer on a low setting.
